TIPS FOR PRINTING & USE:

Print page 2 back-to-back with the other pages, or print page 2 single-sided and write your own practice terms or questions on the blank back-sides. If possible, laminate or cover with clear contact paper for durability.

Ideas for use:

1. Place cards in a deck in front of the teacher or a group of students.
2. Either the teacher or one student draws the top card off the deck, and reads the backside to the next player.
3. If the player answers correctly, they get to keep the card, and they have one "hit" toward that color piñata.
4. Every time a single student (or team) has collected FIVE of the same color piñata, they have broken it and won. Play may continue until all four piñatas have been "broken," with multiple winners.
